Yates, J. P., Dies at 58, p. 17, Dec. 13.

The weakest link in many plants using refrigeration is the worn-out or poorly-chosen door. Of what use are the best insulated walls and the most efficient refrigerating machine, if the doors fail in operating and insulating efficiency?

Why gamble your products, your profits and your reputation on anything less than JAMISON-BUILT DOORS? THEY COST NO MORE!

Every JAMISON - BUILT DOOR gives you the certainty of satisfaction which results from our experience as the oldest and largest manufacturers — devoting 100% of our effort and our facilities to solving the door problems of refrigeration users.
